01 The *Opportunity*

Thesis is a unified neighbourhood concept, coming to Vancouver's Oakridge neighbourhood from Alabaster Homes. It consists of 12 ground floor retail units facing West 49th Ave directly across the street from Langara College, and 13 commercial units over two floors with private outdoor patios facing the lane. There are 69 residential units over three levels built above the commercial space, and two levels of underground parking with a portion of P1 being dedicated to commercial stalls.

Thesis is just a 5 minute walk from Langara 49th Ave station, which leads to downtown Vancouver or YVR Airport in less than 15 minutes. Transit stops along West 49th Ave also connect the area to Metrotown and Burnaby to the east and UBC to the west. It's also a short walk from many desirable shops and services including the YMCA, Langara Park, Langara Golf Course, the upcoming Oakridge Park, Time Out Market, and many others.

In the heart of Vancouver, carefully selected retailers, premium amenities and discerning design unite in a beautiful mix.
